CREATOR BRIEF · LAUNCH WINDOW OCT 26 – NOV 8, 2026

Place. Match. Chain.

The calm number puzzle where every combo is yours. Thanks for making something with Totix! Your voice, your edit and your honest take are all yours.

The game in 15 seconds

Totix: Number Match Puzzle is free on iPhone and iPad. Drag numbered tiles onto a 4×4 board and line up three or four of the **same color**, the **same number**, or a **run like 3-4-5** for a TRIPLE or QUAD. There's no gravity, so tiles stay where you put them and every combo is planned. Match on back-to-back moves and your chain multiplier climbs: ×1.5, ×2.5, ×4, ×6.

What films best (one is plenty)

A big landing
A QUAD, or a 3-4-5 sequence clicking into place

A chain building
The multiplier going from ×2.5 to ×4

The calm side
Zen mode, or today's Daily Event (3 tries)

Talking points: your words, use any or none

- No gravity, so every combo is one you planned.
- Five modes: Training Arena, Treasure Hunt (50 hand-crafted levels, incl. fog and boss levels), Zen, Daily Event, Weekly League (Bronze → Diamond).
- No lives, no waiting: retry any level.
- Plays offline.
- Every color also has its own shape (Settings → Color-blind shapes).
- Meet Toti, a round, cheerful underwater creature with a gold tuft.
- Free, with optional in-app purchases. Premium (one-time) removes the ads between levels.

The essentials

Must do

- **Disclose:** "#ad" or "Sponsored" on screen in the first few seconds, and say it out loud. Also switch on the platform label: TikTok *Content disclosure → Branded content*, Instagram *Paid partnership*, or YouTube *Includes paid promotion*. This applies to free in-app items and codes too.
- **Link** your personal App Store link (we send it with your booking) in your bio, caption or description. It counts your installs and we'll share the numbers: `https://apps.apple.com/app/apple-store/id6780786442?pt=129040531&ct=yourtag&mt=8`
- **Tag** @totixgame.
- **Post** on your agreed date, Oct 26 – Nov 8, 2026.

Please don't

- Say "no ads", "ad-free" or "no timer" (the Daily Event and Weekly League have a move clock).
- Say tiles fall or cascade, claim health or brain benefits, or mention "#1", awards, ratings or download numbers.
- Ask viewers to rate or review the app.
- Hide the disclosure, or use sounds that aren't cleared for paid posts. Use TikTok's Commercial Music Library or original audio.
